Who it's for

Established companies ready to become the leading name in their market, with a full brand system, premium assets, and managed marketing engine.

What you'll have when we're done

- A brand that looks like a regional category leader.
- Premium brand assets, polished sales copy, and a media-ready system.
- Three months of managed marketing executed for you, not just handed off.
- Full ownership of every asset, file, and account after final payment.

WHAT'S INCLUDED

Every Component, Broken Down

Each line item below is delivered, configured, and handed off. No surprise upgrades buried later.

Pro Build Website (\$2,999+ value)

Custom design system, multiple pages and flows, branding/color systems, custom features, integrations, and advanced automation built in.

Brand + Logo + Copy (\$1,500 value)

Custom logo, full brand identity, and professionally written sales copy across core pages. Written for conversion, not word count.

Authority Bonus Pack (\$1,500+ value)

Pick any two premium add-ons, or three of equal value. Drone + hero reel coming soon and not included in this package.

3 Months Skai Marketing - Growth Tier (\$3,000 value)

Three full months of managed marketing on the Growth plan, including content, ads management, reporting, and ongoing optimization.

OUR PROMISE

Guarantees, Warranty & Ownership

Two clear promises so the client can buy with confidence, plus full ownership after the final payment clears.

1-Week Money-Back Guarantee (Pre-Handover)

At any point during the build, up until we hand over the keys, if the client is not satisfied with the design, direction, or level of service, the client has 7 days from the most recent build milestone to request a refund of unused, non-deposit amounts. Once the project is delivered and keys, logins, and code are transferred, the build is considered accepted and the money-back window closes.

3-Month Build Warranty (Post-Launch)

For 90 days after handoff, ClearSkai will fix bugs ClearSkai shipped, including broken layouts, broken forms, broken links, or items that demonstrably do not work the way they were designed to work.

Full Ownership Transfer

After final payment clears, the client owns the final deliverables listed in the signed Scope of Work: code, repository access where applicable, domain/hosting access, final content, brand assets, and connected business accounts.

Transparent Split-Pay

Eligible builds may be split into deposit and milestone/monthly payments. The exact schedule is confirmed in the signed Payment Schedule / Split-Pay Agreement before work begins.

How It Works

Step	What Happens
1. Discovery Call	20 to 30 minute Google Meet. We lock scope, timeline, and final price.
2. Deposit Invoice	Stripe invoice for the agreed deposit. Pay by card, ACH, Apple Pay, or Google Pay where available.
3. Design & Build	ClearSkai builds and the client reviews each milestone. Included revisions are baked into the schedule.
4. Final Invoice & Handoff	Final payment clears, then keys, code, accounts, files, and training transfer to the client.

WHAT TO EXPECT

Disclaimers & Ongoing Costs

We would rather over-explain now than create surprises later.

Ongoing Hosting & Maintenance

After any included free first month, managed hosting is \$79/month or maintenance-only is \$199/month. The client may also self-host on their own account, and ClearSkai can walk through deployment/handoff when applicable.

Third-Party Subscriptions Are Billed Separately

Domains, Google Workspace, CRMs, payment processors, scheduling tools, AI APIs, SMS credits, email-sending services, app store fees, analytics tools, plugins, and paid integrations may be billed directly by each provider unless specifically included in the signed Scope of Work.

Tracking & Real-Time Analytics Services

Google Analytics 4 and Meta Pixel are free to install, but premium dashboards, call tracking, heatmaps, and analytics tools that charge per event/session are billed by the provider directly unless otherwise stated.

Ad Spend Is Not Included

When a bundle includes ad setup or ad management, that fee covers ClearSkai management work only. Actual ad budget is paid by the client directly to the ad platform.

Sales Tax & Payment Processing

Sales tax, where applicable, and payment processing fees may be added at checkout or invoice. Listed prices reflect the build/service cost only.

Late Payments

Invoices not paid within 60 days of the due date may incur a 5 percent late fee on the outstanding balance, applied once after the 60-day mark and monthly thereafter until resolved. Work, support, managed services, or handoff may be paused until the account is current.

Results Disclaimer

ClearSkai builds the engine. Leads, rankings, sales, and revenue depend on the client market, offer, pricing, reviews, response time, ad budget, and follow-through.

Final Scope in Writing

Final price, scope, deliverables, milestones, and payment schedule are confirmed in writing in the signed agreement before work begins. The signed agreement governs over conflicting marketing material.

NEXT STEP

Ready to Lock In Your Build?

Scope, timeline, and final price are confirmed in writing before work begins. No surprise charges. No vendor lock-in after final payment and handoff.
